Essential Oil Blends &  
 Personalized Custom Blending

**SPOTLIGHT ON:**

**Pax Protection™**

Pax is Latin for 'peace'. Pax Protection helps provide a sense of peace before, during, or after you find yourself surrounded by stressful energies at home, the office or in public spaces.

Use our travel size to give yourself a light mist of Pax to help relieve the negative energies that can arise in rush-hour traffic or on a long plane journey.

Pax Protection can be used in a variety of ways and appeals to a broad audience:

- *Teachers* spray Pax around their classroom to help create a calm and peaceful space for students to learn. *It makes a great teacher gift!*
- *Travelers* use Pax as they embark on their journey – in trains, planes, automobiles... even hotel rooms!
- *Real Estate agents* have made use of Pax to prepare a home before a prospective client viewing.
- *Healers and massage therapists* use Pax as a spray smudge for clients who can not tolerate the smoke of the traditional smudging process.
